

24 August 2018

To Whom It May Concern:

Mount Pleasant Veterinary Centre first engaged Debt Collection in the beginning of 2017 after working with 2 debt collection companies that failed to recover our debts. The team at Debt Collection were in contrast with previous debt collection companies, highly efficient, professional and effective. They were competent and experienced, and were able to recover debts that previous companies could not. Their online web portal was also meticulously updated and allowed us to be kept up to date with collections that were in progress.

We are exceedingly satisfied with Debt Collection's services and highly recommend Thomas and his team to anyone who require debt recovery services.

Sincerely,

Dr Tan Choon Yi  
Business Manager
